

Area #12 Specification Sheet

Stairway to Heaven

Location:

- Area bordered by ramp to upper lot on South, sidewalk and steps on North, and parking lots on East and West.

Maintenance Required:*

- Light weeding and watering requirements
- Maintain area around septic covers
- Sweep/maintain walkways
- Development area per landscape plan
- Rake leaves and remove debris as required

Approximate Time Commitment

- One hour per week

Assistance Provided:

- \$50/year from landscape budget. Additional plantings can be purchased by the area caretakers or given per the wish list. (List of plantings and cost of plants available from the Green Thumb Consultants).
- Maintenance/infrastructure items (mowing, turf maintenance, covered under landscaping budget).
- Information from certified master gardeners and landscape architects (Green Thumb Consultants) to help you plan, select, plant, and maintain your Spot.
- Fertilizer, water hoses, and basic gardening tools. Mulch, landscape cloth, and stone per landscape plan. See Green Thumb Consultant.

Recommended Team Size:

- Team of four or more. Volunteers welcome!

Commitment Duration:

- One year

Helpful Contacts

- Stephanie Verhelst (Landscape Architect)
- Bob Bennin (Certified Arborist)
- Ken Spielman (Certified Arborist)

Comments:

- A steep area that could be terraced.
- Incorporates septic area and possibly dumpster surrounds.
- Ideal area for hardscape creativity.

- * Maintenance requirements vary by time of year. Spring will require more work than fall. No work required in winter. Weeding and watering may be frequent tasks throughout the growing season.
